Allowable Subject Matter

Claims 1-17 are allowed.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicant's attorney, Mr. David Sarisky, on 28 September 2006.

The application has been amended as follows:

- In claim 10, line 3, immediately after "...window is formed", --comprising an electrically conductive material -- was inserted.
- In claim 12, line 3, immediately after "...window is formed", --comprising an electrically conductive material -- was inserted.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: In view of Applicant's numerous amendments to the claims, independent claims 1, 9, 10, 12, 13, and 16 and their depending claims are allowable over the prior record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Fischell et al. (US PG-Pub 2005/0113886) and Amundson et al.
